

# MoneyBall

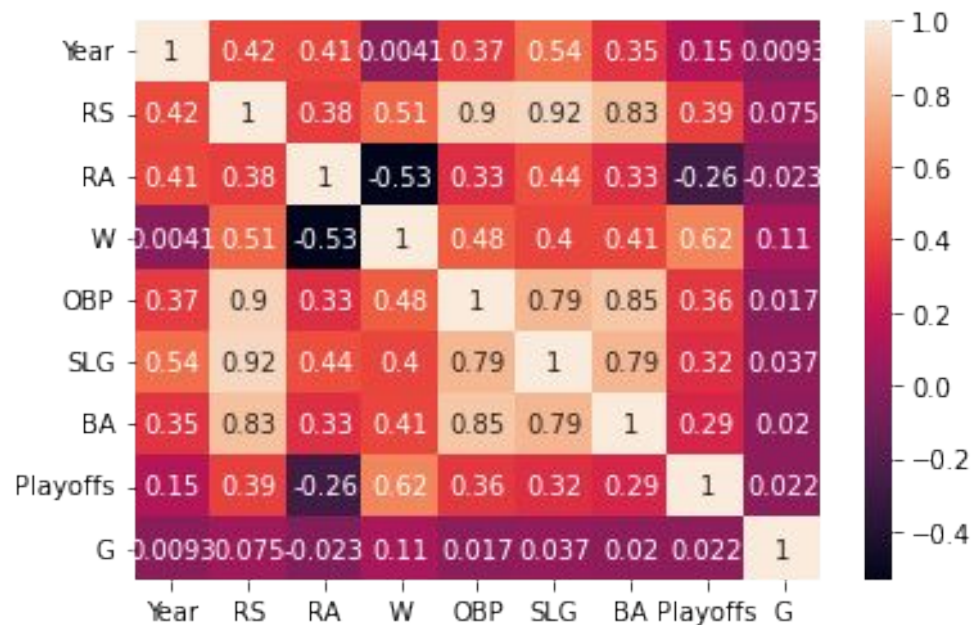

Nick Pipal

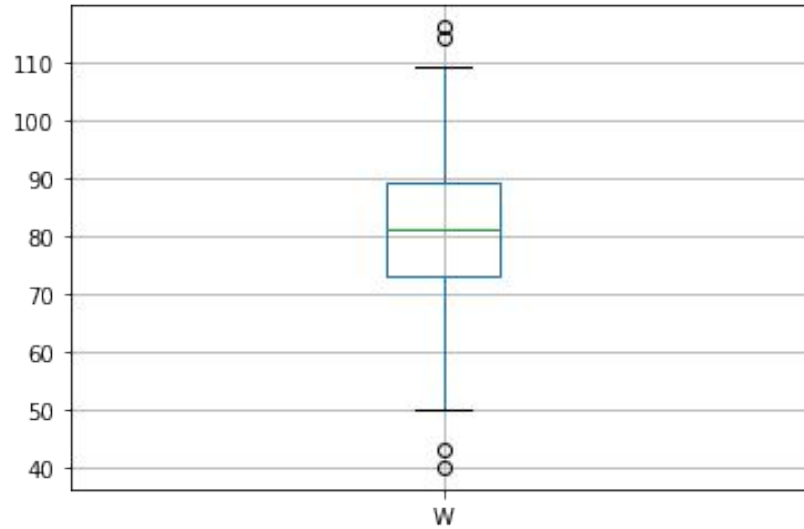

# Introduction to the DataSet

- Where was this dataset found?
- What is the Machine Learning Problem?

How can we better understand the data?

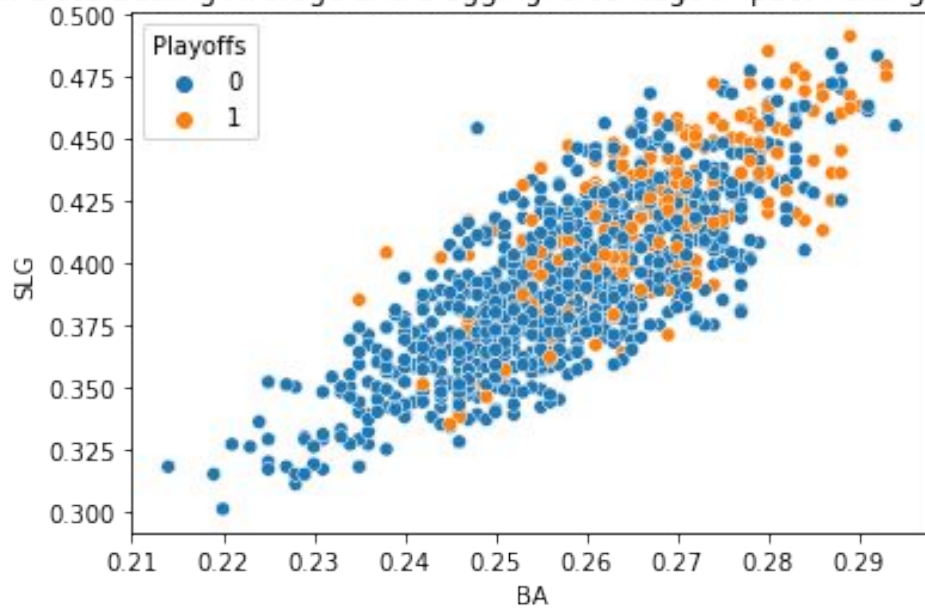

# Exploratory Visuals

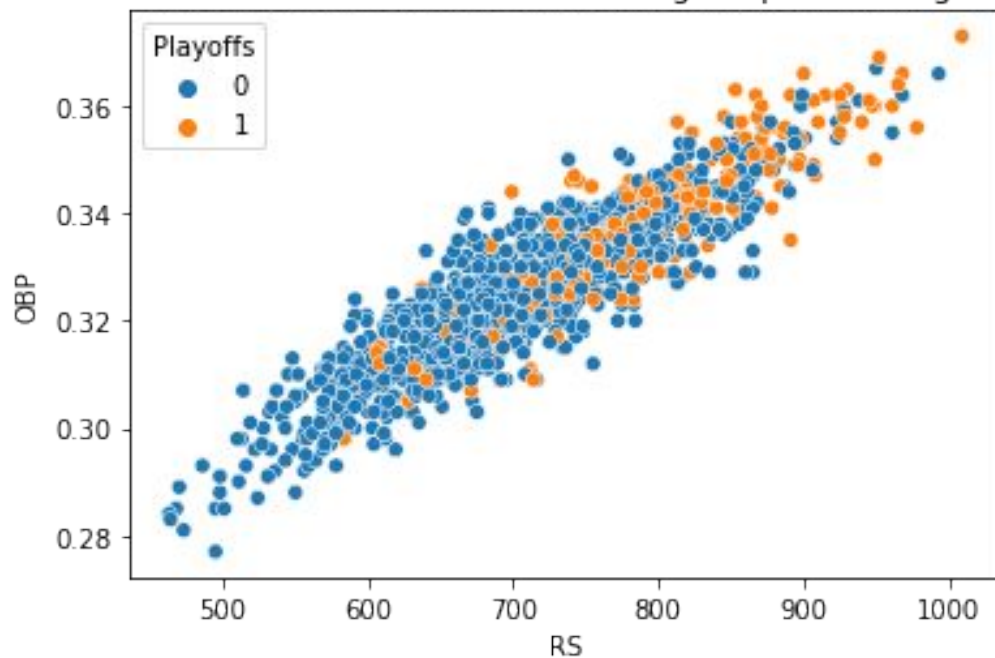

- A couple of outliers in the data for Wins but everything is plausible

### How Does Batting Average and SluggingPercentage Impact Making the Playoffs

How Does RunsScored and OnBasePercentage Impact Making the Playoffs

# Production Models

- What models did I use?
- Which model performed the best?

# Final Recommendations

- What does my final model tell me?
